Take a look at the latest technology in small appliances

Words April Ossington

2 Featuring a stylish and slimline benchtop design, the Miele CM6300 coffee machine has full sensor touch controls for ultimate convenience. The innovative OneTouch for Two function enables the fully automatic preparation of two drinks at the same time without having to move cups. mieleshop.com.au

3 Featuring a sleek design that won't stand out in your kitchen, the SodaStream Play in white delivers fresh, sparkling water with the touch of a button. This new model features an auto-lift slider, which automatically returns to its original position after carbonation. thegoodguys.com.au

4 The Masterpiece Collection immersion blender features a triple blade with a titanium coating that enables it to stay sharper for longer. Its open-foot design prevents splashing and clever pause stand makes blending even easier. electrolux.com.au

25 FABULOUS KITCHEN APPLIANCES

5 Vitamix has just released its new model, the Professional Series 300. Featuring a more compact design, the unit offers quieter blending and full variable speed plus a pulse feature. vitamix.com.au

6 Available in the new Arc and Cube designs, Zip has also released its Zip Celsius range, which delivers hot and cold water from a single tap. Available in four chic finishes, the tap also produces filtered, boiling, chilled or chilled sparkling water at the touch of a button. zipwater.com

9 An all-in-one replacement for your rice cooker, bread maker, slow cooker and steamer, the Toshiba multifunction cooker has a huge 1.8-litre capacity, 24-hour timer and programmable cooking functions. kogan.com

8 Make restaurant-quality lunches with the Breville Classic sandwich maker. Featuring a two-slice capacity, it also provides vertical storage, saving precious bench space. thegoodguys.com.au

7 Whether you prefer espresso, French pressed or filtered, the Breville Smart Grinder Pro gives you the perfect cup of coffee every time. This conical burr grinder uses Dosing IQ technology to automatically amend the quantity of beans needed whenever you change the grind. thegoodguys.com.au

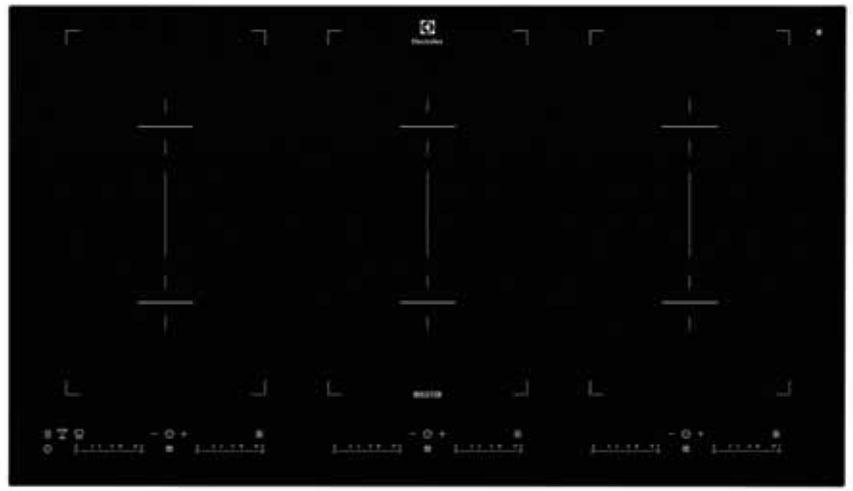

10 The Expressionist Collection kettle from Electrolux was awarded the Good Design Australia Award in 2014. Perfect for herbal teas that require a lower temperature, the kettle features adjustable temperature settings and the option of boiling water for just one cup. It also keeps the water hot for 40 minutes after it's boiled. electrolux.com.au

11 Another addition to the Expressionist Collection from Electrolux, this toaster features an LED screen countdown, while the pause function enables you to check your toast without restarting the cooking time. Ideal for thick café toast or English muffins, it also features extra-wide slots. electrolux.com.au

12 Steam ovens are the latest must-have in kitchen appliances. The ILCS45X combination steam oven from ILVE creates flavoursome, healthy meals without the stress. With 11 functions to choose from, the oven offers the option of steam cooking, forced air cooking or a combination of both. ilve.com.au

13 Featuring high-performance induction technology, the Infinite Pro cooktop from Electrolux allows you to go from a simmer to a boil in an instant. This innovative appliance creates heat in the cookware, so surfaces around the pot remain cool to touch. electrolux.com.au

14 The 90-centimetre wall-mounted stainless-steel canopy rangehood from Bosch has a 690 m³/h extraction rate, ensuring the best-possible air quality for your kitchen. This incredibly quiet unit also features energy-efficient LED lighting to illuminate your cooktop. bosch-home.com.au

18 The Electrolux bottom-mount fridge dispenses chilled, filtered water and ice at the touch of a button. This spacious fridge has an in-built Fresh Sense deodoriser to eliminate strong odours including garlic and cheese. electrolux.com.au

15 Suitable for installation within your existing cabinets, the Fisher & Paykel stainless-steel Double DishDrawer contains two independent drawers. This means you can have two different loads going simultaneously for sturdy items and one for delicate glass and crystal. thegoodguys.com.au

17 The Panasonic 32-litre 1100-watt stainless-steel microwave features 14 cook menus, 10 power levels and an auto sensor, so you don't have to worry about overheating your food. thegoodguys.com.au

16 The Electrolux Assistent is the first kitchen machine with an LED task light that shines into the bowl. Featuring an optional meat grinder and vegetable slicer, the unit comes with attachments including a dough hook, flat beater and wire whisks. electrolux.com.au

25 FABULOUS KITCHEN APPLIANCES

19 The new Zip HydroTap Design range features three cutting-edge designs including Arc, Cube and Elite. Right on trend, the taps come in a range of finishes including bright chrome, brushed chrome, matt black and gloss black. zipwater.com

25 We all know that grilling food can deliver health and flavour benefits, but it's not always viable to use an outdoor barbecue. The George Foreman Easy to Clean grilling machine features a sloped grille design, which enables fats to simply drain out of food while cooking. Its patented non-stick coating and dishwasher-safe removable plates mean it's easy to clean — just as the name suggests. thegoodguys.com.au

24 The Prism small appliance range from Morphy Richards will bring a sculptural element to your kitchen. The perfect solution for open-plan living, this kettle and four-slice toaster will add interest to your space. morphyrichards.com.au

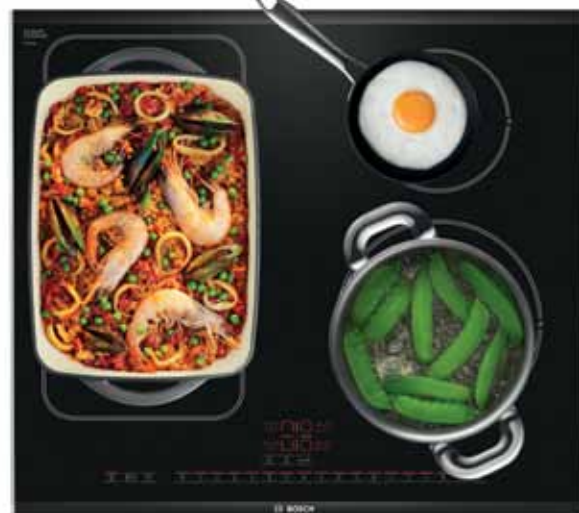

20 Boasting an A energy rating, the Smeg 60cm Double pyrolytic oven features a classic look that will suit any kitchen. The main oven has eight functions, two pyrolytic cleaning functions and a 79-litre capacity, while the auxiliary oven has four main functions and 42-litre capacity. thegoodguys.com.au

23 The Breville Crystal Clear glass kettle is completely transparent, making it easy to fill to the desired water level. This intelligent kettle can sense when there is no water, automatically turning the power off. thegoodguys.com.au

21 Eliminate food scraps and the smell that goes along with them with an InSinkErator food waste disposer. This extremely quiet unit grinds food without the use of blades and provides an environmentally responsible alternative to landfills. insinkerator.com.au

22 The Bosch FlexInduction cooktop features a Quick Start function that automatically detects the location of your pot. Using its Energy Consumption Display, this intelligent appliance also shows you how much power you have used so you can adjust your cooking habits to save energy. bosch-home.com.au
